

SIT STAND 2 PERSON WORKSTATION

Assembly Instructions

Thank you for your purchase!

Iron Age Office furniture is uniquely and individually fabricated. For this reason, your furniture is pre-assembled and labeled before shipping. Labels are marked on the underside of the furniture. Most furniture is then deconstructed prior to shipping. Pieces that uniquely correspond can typically be found on the same pallet.

Assembly is best completed by keeping the pieces that correspond together. Clear your work area of anything that could scratch furniture surfaces. If possible, cover your work area with a clean, soft blanket. Carefully flip any wooden tops over and inspect the bottom sides for markings. Match legs, flat brackets, etc. to the appropriate labels.
